

# “Freudenberg Sealing Technologies” SalesLens Briefing

## AI Assessment

- Company Fit: High – Headcount and Revenue indicate a proper size for a valuable ServiceNow implementation
- Technology Fit: High – The use of SAP and Microsoft Azure allows a ServiceNow implementation
- Notes: It seems like the company is part of a bigger company group. I recommend you to research the group and understand it before contacting this company.

## General Information

Freudenberg Sealing Technologies (FST) is the world's market and technology leader in sealing technology. While our work is often invisible, it's truly always essential. Our seals, featured in many well-known end products all over the world, make life a little bit easier for us.
